## Abortion is the Number One Killer of Children in the World

Worldwide: Approximately 42 Million Per Year; 115,000 per day.

United States: In 2008, approximately 1.21 million abortions took place, down from an estimated 1.29 million in 2002. From 1973 through today, over 55 million legal abortions have occurred in the U.S.

Sources: Abort73.com, Alan Guttmacher Institute, Center for Bioethical Reform

“When we view abortion through the lens of our Christian faith, we do not see a moral issue that needs correcting of a political issue that needs strategizing. We see a spiritual issue that takes priority. The child in the womb belongs to God, formed by His hands and purchased by His blood. Abortion not only assaults human life, it assaults the Creator and Redeemer of human life.”
